

BEFORE THE RACE

GOALS:

1. We want the name of Christ to be proclaimed through filmmaking with the greatest level of excellence possible. Improved mastery of this craft can be achieved through the use of a strict deadline and parameters.

CHALLENGES/RULES:

- *Scripture Challenge (Core Theme: Sacrificial Love)*
 - You can choose any passage in scripture as long as it fits with the Core Theme announced for the 5th Annual 48 hour film race.
 - Each film must include the reference "Based upon _____ (scriptural passage of choice)" in the Pre-Roll Slate.

- The passage's text may be included in the credits, but is not required.
- The goal is to build a foundation for your film based on scripture. Focus on showing your story's foundation in scripture as its basis, rather than just quoting it in your script. If the audience cannot understand the point of your film without the direct quote, you are not crafting your story strongly enough with the scriptural theme as the core.
- Points will be awarded or deducted based on how well you represent your chosen scripture passage, and how well it fits within this year's core theme.
- *Mystery Filmmaking Challenge*
 - One specific element of filmmaking that will be announced at the events start.
 - Can be any general aspect of filmmaking (Plot, Theme, Acting, Cinematography, Editing & Effects, Sound & Music, Genre, etc.)
 - The goal of this requirement is to stretch filmmakers creatively and encourage greater technical excellence without the use of specialized equipment.

TECHNICAL REQUIREMENTS:

- All films must be 3-7 minutes in length (calculated from the first black frame after slate to the first black frame after credits).
 - Runtimes longer or shorter than the time requirement will result in automatic disqualification.

 - Film Runtime
- There must be one second of black following the slate before any sound or image
